# Group DENTAL COVERAGE

Making that semi-annual trek to the dentist isn't just good for your pearly whites, it's essential for good health. Why? Because researchers think there may be a link between cavities and gum disease, as well as serious health problems like heart disease.

## WHY SHOULD YOU BUY IT?

Group Dental Coverage helps ensure you and your family get the preventive care you need for your chompers. Plus, you'll save money in the long run.

  Dental care can be costly.
  With LifeMap, you don't have to worry about footing the bill alone.
- *Bright smiles*
  You can't help but smile when you know your teeth are gleaming.
- *Long-term savings*
  Every dollar spent on prevention saves as much as $50 in restorative and emergency treatment.[1]
