

## LIFEMAP DENTAL PLANS

---● *Preserve employees' smiles and your budget.*

LifeMap is making it easy for you to offer dental coverage to your employees and their families. Concerned about budget? Don't be. You can choose to offer dental benefits as voluntary coverage or share costs with your employees and fund at a level that works for your bottom line. Whichever option you choose, we can help you enhance your benefits package without busting your budget.

Insurance for every step of life.

# LIFEMAP DENTAL PLANS

Getting regular dental care is essential for overall good health. And it can be a real money saver down the road. The American Dental Education Association reports every dollar spent on prevention can save as much as \$50 in restorative and emergency treatment.

## HOW IT WORKS

LifeMap can help you find a dental plan that fits the needs of your employees and your budget.

1

### Decide how much you want to spend.

Just tell us your dental budget, and we'll find a plan that makes the most of your dental dollars.

2

### Pick your network.

Active or passive PPO, Dental HMO (in some areas) or even a no-network plan. LifeMap has coverage that will work for your location and the needs of your company and employees.

3

### Tell us who's going to pay for the coverage.

All employer-paid, all voluntary or anywhere in-between. LifeMap is ready to enrich your dental experience.

## WHY SHOULD YOU OFFER IT?

You get to choose how much to spend, and your employees have the comfort of knowing their dental needs are being looked after.

### Flexible for you, pre-tax for them

Fully insured or Administrative Services Only (ASO). You can contribute between 0% and 100% of the premium, while an employee's share comes out of their paychecks pre-tax.

### Protective care

Your employees and their covered family members can get treatment when they need it and, in most cases, pay nothing out of pocket for preventive care, such as cleanings, exams, X-rays and more.
