

Dollar-Based **DENTAL COVERAGE**

- *Puts you in charge of your dental dollars.*

Wish you could spend your dental dollars your way? Dollar-Based Dental is the plan for you! We've kicked most of the traditional limitations and exclusions to the curb and put you in control of your dental dollars.

Dollar-Based **DENTAL COVERAGE**

Making that semi-annual trek to the dentist isn't just good for your pearly whites, it's essential for good health. Researchers think there may be a link between cavities and gum disease and serious health problems like heart disease.

WHAT TO EXPECT

Armed with LifeMap Dollar-Based Dental, you and your family will be motivated to get regular check-ups, brush, floss, rinse and repeat. Here are some highlights of the plan:

1

● **Flexibility and choice**

If you already have a dentist you like and trust, no problem. Your coverage lets you see any dentist you choose. But you'll get the most bang for your buck when you see an in-network dentist.

2

● **Control of your dental destiny**

You get a set amount of dental dollars each year to spend the way you and your dentist feel is best. So if you need extra cleanings to keep periodontal disease at bay, you're not limited to just two per year.

3

● **No more gue\$\$\$work**

Most traditional plans cover preventive care at one level and major dental work at another. Dollar-Based Dental is different. All covered services—from routine cleanings to root canals—are paid on a simple dollar amount benefit structure, not a complex service schedule.

WHY SHOULD YOU BUY IT?

You get to spend your dental dollars your way.

Network savings

To take advantage of network pricing, look for a participating dentist at LifeMapCo.com.

Long-term benefits

According to the American Dental Education Association, every dollar spent on prevention saves as much as \$50 in restorative and emergency treatment.

A HANDFUL OF EXCLUSIONS, NOT HUNDREDS

Here are the only things that aren't covered:

- Aesthetic, cosmetic or reconstructive services and supplies
- Initial placement of a prosthetic device to replace a tooth that was missing prior to the effective date of coverage (may be included at your employer's discretion)
- Motor vehicle coverage and other insurance liability (may be included at your employer's discretion)
- Work-related injuries (may be included at your employer's discretion)
- Implants (may be included at your employer's discretion)
- Orthodontic dental services (may be included as an orthodontic rider)
